Summer 2013 Issue 13

DEMOLITION OF 21 BIRNIE COURT

Safedem would like to take this opportunity to thank everyone for their co-operation during the demolition of 21 Birnie Court on Sunday 5th May 2013. Everything went according to plan and we are very pleased with the result.

We have now started processing the demolition materials for recycling. We have a range of large machines operating within the site, and there will be large-scale vehicles travelling to and from the site.

Sometimes these works might seem noisy or dusty. We are sorry for any inconvenience this may cause to you. We will do all we can to keep the noise, dust, and any other disruptions to a minimum.

We ask everyone within the community to take extra care using the roads nearby.

Please contact us if you would like to discuss any aspect of the works.

You can view the demolition on our website - go to www.redroaddemolition.co.uk

THE EVACUATION CENTRE
ALL SAINTS SECONDARY SCHOOL

Free raffles were held at the Evacuation Centre. There were lots of toys and games to be won in the children's raffle. For the adults' raffle, there was a selection of goodies including a TV, a deep fat fryer, a dinner set and a hair dryer. Our winners were very happy with their prizes.

We understand that, while necessary, the evacuation from your home can be an inconvenience, so we do try to make the time at the Evacuation Centre fun for all involved. We really appreciated everyone's co-operation

Do you have any suggestions for the next evacuation?

Is there anything we could do better?
If so we would like to hear from you!!
Just pop into our Demolition Information Centre,
or give us a call on 0141 558 3433,
or e-mail us at clteam@safedem.co.uk

DEMOLITION UPDATE

153-213 Petershill Drive

We are continuing to process the materials from 153-213 Petershill Drive. We have been trying out one of the recycling industries newest technologies, Known as the "Max X Tract "it is a density separator.

The density separator works by using air blowers and belts which enables it to separate the heavier brick and concrete from the lighter timber and plastics resulting in a far better recycled product.

This is the first of several bits of equipment that will be deployed over the next few months to increase the efficiency of production and the quality of the recycled product.

123 Petershill Drive

Our next building to prepare for demolition is 123 Petershill Drive. We are in the processes of removing all fixtures and fittings from the building to prepare for our internal asbestos removal programme, which we are projecting to start by autumn 2013.

10 Red Road Court

All of the internal asbestos materials have been removed from the building. The mast climbers have been erected and we are now removing all of the external panels from each face of the building. We expect this phase of the works to be completed by autumn 2013.

If you would like any more information, please do not hesitate to contact us.

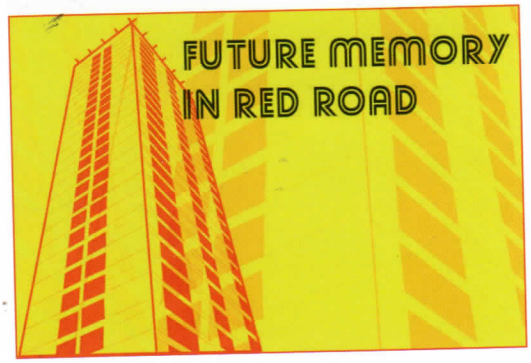
SAFEDEM AND THE COMMUNITY

FUTURE MEMORY IN RED ROAD



Safedem recently supported the "FUTURE MEMORY IN RED ROAD" event on Saturday 18th May.

Despite horrendous weather and some technical issues - it was amazing. Over 100 kids had their faces painted, 130 foam seagull and crow hats were given away, and at least 350 people visited Alive & Kicking. When the rain lightened up an incredible sound track was played from 10 - 30 Petershill Court - moving, haunting, funny and sad all at once - people were totally mesmerized.

SAFEDEM DEMOLITION INFORMATION CENTRE

WE ARE ON THE MOVE!

We will be moving our Demolition Information Centre to the car park opposite 63 & 93 Petershill Drive. We will open on Monday 1st July 2013 at 10am and will be open every Monday, Wednesday and Friday between 10am and 2pm. Please pop in to see us.

SITE SAFETY

We would like to take this opportunity to remind all children to keep out of all sites during the summer months. If you do see anything on or around the sites that cause any concerns, please contact us immediately.

Remember Safedem's message to all children

BE SAFE
