DEMOLITION UPDATE

21 BIRNIE COURT

The majority of the steelwork has been separated and processed for recycling. The remaining materials are currently being removed from site. The next phase of works here is to remove the foundations.

Our machines will peck away to disrupt and break these concrete foundations. This may seem noisy

at times but we will monitor this and do everything that we can to keep the noise to a minimum. Working hours are Monday to Friday 8am to 6pm. Please contact us if you would like to discuss this further.
