DEMOLITION UPDATE

RED ROAD FLATS LATEST

We are planning to demolish all six multi-storey buildings at Red Road in one blowdown operation later this year. Safedem's Community Liaison Team will be in contact with you over the coming weeks to discuss this in more detail.

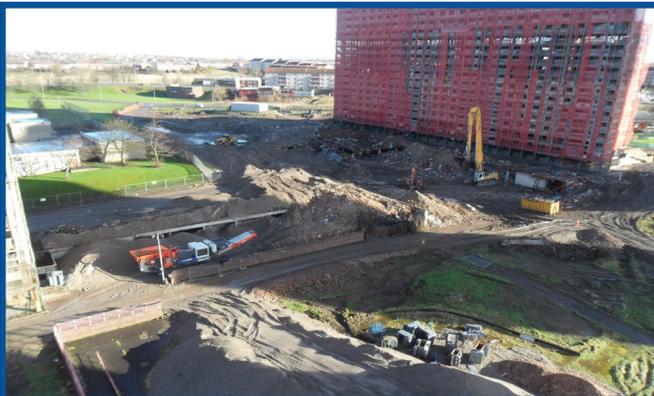

33 PETERSHILL DRIVE

The last building at Red Road, 33 Petershill Drive, has been handed over to Safedem to prepare for demolition.

We have started stripping out fixtures and fittings and removing all of the asbestos. This will take several weeks.

Once completed, the mast climbers will be fitted to the outside of the building and we will begin removing the external cladding.

We will also continue with our work to prepare the other five blocks for demolition.

BRIG BAR AND BINGO HALL

The demolition of these buildings is now complete and we are continuing to use this area to crush and process all of the materials.

SAFEDEM AND THE COMMUNITY

Feedback from the local community showed that most residents wanted the demolition of the Red Road flats to go ahead in one blowdown operation. This would mean only one evacuation for residents and local businesses. With the final building now being prepared for demolition, we can start planning for the evacuation. If you would like to be involved in the planning of this, particularly if

you have suggestions for improvements, please contact Tracey Sinclair or Janet McMillan on 0141 558 3433

or e-mail us at clteam@safedem.co.uk,

before Friday 5th June 2015.

We really want to hear your views

The Tron St Mary's Church Tots and Toddlers Group recently enjoyed an outing to Tollcross Animal Park.

The minibus taking the children to the Park was donated by Safedem. A fantastic day out for everyone.

SITE SAFETY

We have large-scale machinery operating on these sites. We also have large lorries travelling to and from the sites. Please keep out of all sites, and please take care crossing the nearby roads. If you do see anything on or around the sites that cause any concerns, please contact us immediately. Remember Safedem's message
