Safedem and the Community

Safedem recently helped out the local nursery school by helping to erect their new Eco Flag. The kids earned the flag by recycling. Every Wednesday the kids take all their recyclable items such as old batteries, juice cans and ink cartridges in to the nursery to be recycled. We also helped out with their fun day with one of our guys enjoying the "Beat The Goalie" competition.

Red Road Websites

Safedem have launched a website with information and updates about the ongoing demolition at Red Road. You can log on by going to www.redroaddemolition.co.uk

Or why not try www.redroadflats.org.uk

CONSIDERATE CONSTRUCTORS SCHEME

The Red Road site is registered with the Considerate Constructor Scheme. Information about the scheme can be found at www.ccscheme.org.uk or by calling 0800 783 1423.

DEMOLITION UPDATE

Now that the buildings are completely asbestos free, we can progress with the complex task of designing the way the buildings will collapse during the demolition. Our Engineers are carrying out detailed surveys while our crews continue to soft strip the buildings.

Remember to pop in to see us at our Demolition Information Centre. We are open between 10:00am and 2:0pm every Monday, Wednesday and Friday.
